**James Jack Lifting Services Ltd are specialists in crane hire, general and heavy haulage, cargo handling, stevedoring, warehousing and distribution. The company is well established in Scotland having been in business since 1970 and has a number of depots providing full coverage for crane hire services throughout Scotland. The general and heavy haulage services undertaken by the company cater for all customers' requirements in the UK and Europe.**

**High quality warehousing and storage for customers are provided at two purpose built depots at Invergordon and Aberdeen. The warehousing and storage facilities can be tailored to customers requirements as both internal and external storage options are available. The company is able to offer a full logistics service from the unloading of cargo ships through to the storage of customer's goods and the eventual distribution of the cargo utilising the company's fleet of cranes and haulage units.**

**By investing heavily in its fleet of cranes and haulage units, we ensure that our customers will benefit from being serviced with very modern and efficient machines. This is coupled with investment in the employees who are able to provide a range of valuable additional services for customers.**

**We are committed to providing a high level of service and operate 24 hours a day, 365 days per year.**

**The company is fully accredited and certified to ISO 9001 (2000) for its quality management system.**
